Purpose:

The purpose of Liquor Control Board Interim Policy #01-2010 is to provide the requirements for an outside one-time event conducted by a private club for the club members.

Background:

Enforcement policy does not allow outside one-time events unless there is an interior access from the inside of the building to the outside area where the event is being held. Currently there is no RCW or WAC that addresses "interior access".

Enforcement division responds to requests for outside one-time events. The current policy of Enforcement division for these types of events requires the licensee to have an interior access from the outside area to the liquor licensed premises in addition to the area being enclosed with a barrier a minimum of forty-two inches high. The Enforcement policy was approved in October 2008.

WAC 314-02-130(1) is the only reference to outside service at a liquor licensed premises and states, "The following changes to a licensed premises require prior board approval, by submitting a form provided by the board's licensing and regulation division: extending the location of alcohol service, such as a beer garden or patio/deck service (the area must be enclosed with a barrier a minimum of forty-two inches in height).

 - ✓ include a site plan of the outside area;
 - ✓ clearly define restricted areas;
 - ✓ provide date, time, and type of event;
 - ✓ provide useful contact information; and
 - ✓ approval is required prior to the event.
- the outside area must be adjacent and/or contiguous to the actual licensed premises;
